Land Use Regulations:

A. The Common Plat Amendment amends a county-approved and recorded Minor Plat, Final Plat, or Exemption Plat;

This Common Plat Amendment conforms to all applicable zoning and other standards found in the Park County Land Use Regulations.

C. The Common Plat Amendment, as approved, meets or satisfies all applicable requirements of these Land Use Regulations;

The plat amendment application is complete and meets the requirements of the Land Use Regulations.

D. The Common Plat Amendment, as approved, substantially conforms to the goals and policies of the Strategic Master Plan to the extent that such advisory provisions do not conflict with provisions or requirements of the Land Use Regulations and to the extent that such goals and policies set forth requirements which are sufficiently specific to permit the Planning Commission or the BOCC to decide that the dedication meets or fails to meet such goal or policy.

This Common Plat Amendment meets the requirements of the Land use Regulations and is not contradictory to any goals or policies of the 2016 Strategic Master Plan.

E. The proposed amendment would not cause significant hardship or inconvenience for adjacent or neighboring landowners; and

This amendment will not cause any hardship or inconvenience for neighboring landowners.

F. The proposed amendment does not create or result in an illogical or inefficient lot layout or subdivision.

This amendment is a request to move the boundary lines between two parcels with one parcel losing and one gaining 0.90 acres. No illogical layout or inefficiency is being created.

Impact Analysis:

No impacts are anticipated to the surrounding area.

Recommendation:

Based on the foregoing, staff recommends approval of the proposed common plat amendment with no conditions.
