

**COLORADO**  
Air Pollution Control Division  
Department of Public Health & Environment

# Air Quality Health Advisory for Wildfire Smoke

Issued for southeastern Park and western Teller Counties  
Issued at 9:00 AM MDT, Friday, March 31, 2023

Issued by the *Colorado Department of Public Health and Environment*

**Affected Area:** Issued at 9:00 AM MDT, Friday, March 31, 2023

**Advisory in Effect:** 9:00 AM MDT, Friday, March 31, 2023 to 9:00 PM MDT, Friday, March 31, 2023.

**Public Health Recommendations:** If smoke is thick or becomes thick in your neighborhood you may want to remain indoors. ***This is especially true for those with heart disease, respiratory illnesses, the very young, and the elderly.*** Consider limiting outdoor activity when moderate to heavy smoke is present. Consider relocating temporarily if smoke is present indoors and is making you ill. ***If visibility is less than 5 miles in smoke in your neighborhood, smoke has reached levels that are unhealthy.***

**Outlook:** The **403 Fire** ignited Thursday in eastern Park County, southwest of Lake George. Strong, gusty, southwesterly winds are expected to continue today, and the presence of smoke is possible in locations northeast of the fire.
