System & Community Based Advocacy

Law enforcement/system-based advocates support the victim throughout the entire criminal process, from the initial event through the conclusion of sentencing and probation. As a victim of relationship violence and sexual assault, you have the option to report to law enforcement and/or talk with a confidential advocate. Your safety and self-determination are the most important things. We partner with community/confidential-based agencies to ensure that you have a clear understanding of, and access to, trauma-informed crisis intervention, safety planning, information, and resources.

Confidential-based agencies including, but not limited to, Advocates for Victims of Assault-Summit, The Alliance-Chaffee, Roots of Courage-Jeffco, Tessa-El Paso & Teller, and PeaceWorks-Park, are committed to serving individuals with the highest degree of confidentiality and sensitivity, providing a crucial safety net for victims living in Park County.

Services may include a 24/7 crisis hotline and emergency shelter for relationship violence victims, and a range of violence prevention, intervention, education and advocacy services. This helps ensure around-the-clock access to confidential crisis intervention services, assessments, and referrals.

Both system and confidential agencies are committed to you and your family's safety and well-being. We strive to provide a coordinated point of entry for access to crisis assistance, safety planning and short/long term resources. In addition, both agencies offer ongoing support, education and violence prevention services.
